Low water prices at Gerbrich's.

Six big locomotives are water-bound in the C. and O. yards in the West End.

W. J. Reed of Carlisle bought of J. N. Denton 10,000 pounds of tobacco at \$15 per hundred.

Mr. James Vice returned to Carlisle this morning, where he is employed by W. J. Reed & Bros. in tobacco handling.

The doings in Police Court the past several days has been very light, in deference, no doubt, to the big river. Now that the water is subsiding business will pick up again possibly.

The L. and N. has been bringing in big crowds for the past several days, notably Saturday and Sunday and yesterday the passenger list exceeded one hundred, attracted principally by the big river.

The Salvation Army Soldiers here are holding forth in the Courthouse and their meetings are attracting very good audiences. They are deserving of your presence. Suppose you go hear them tonight.

The High School was dismissed yesterday noon until tomorrow on account of the illness of several of the teachers. The Sixth Ward school is closed on account of so many of the homes of the scholars being affected by high water.

SMOKE NUT BOY CIGAR OF QUALITY.

The Davis Brothers have generously tendered to the Relief Committee the use of their gasoline launch.

There are several car loads of mail matter due the towns along the Ohio held up some where and awaiting delivery. Sunday's and Monday's Courier-Journals had not arrived here up to this a. m.

Nearly a dozen dwellings were destroyed by the wind and waves at Augusta Sunday and floated down the river. At Lovana several houses were knocked to pieces, while at Ripley the damage was the greatest ever done by any previous flood. The loss at Ripley will easily reach \$50,000. At Louisville 240 city blocks are submerged and the life savers were kept busy rescuing the unfortunate victims.

RIVER GOING DOWN—REAL ESTATE GOING UP.
Real Estate Agent Duley calls attention to the fact that the Ohio is falling and now is the time to buy real estate as it will continue to go up.

This is the season for Rubbers. Call at Dan Cohens end he fitted, and pleased at bottom prices. Rubber boots for boys and men.

Statistics published in St. Petersburg show that 1,262 persons were sentenced to death in Russia during the year 1906 for political or revolutionary crimes.

COLLINS.

Mr. and Mrs. Harry Peers Collins are receiving congratulations over the arrival of a daughter—Charlotte Cox Collins—at their home January 11th at College Hill, Cincinnati. Mrs. Collins will be remembered here as Miss Mary Cox, a sister of Mrs. Dr. Franklin.

Mrs. Leigh Robertson came near losing all her valuable collection of books and household furniture and many antique treasures by the flood. She had them stored in a building on Front street, and as she thought secure from high water, but the encroaching river would have soaked and ruined them if timely action had not been taken Sunday and the things all safely removed to the second floor of the building where they are now all in good shape.

OBJECT TO THE CLANGING OF THE BELLS

At a recent meeting of the Augusta City Council, the crossing alarm bells recently established by the C. and O. at four street crossings in Augusta, were declared a nuisance and the company notified to remove same and replace them with flagmen. These bells are one of the greatest pests ever inflicted on a town and in a few years you'll never hear of one. The real live man with a red flag is the only true safeguard against accidents at railway crossings and all corporate cities and towns should compel the railways to place flagmen at all points of danger.

Ohio River Gradually Going Back to Where It Belongs

The Work of Cleaning Out and Repairing Damage Now Going On, Which is the Worst Feature of High Water. No Communication With Cincinnati By C. and O. or River For Past Three Days

This morning the river had receded to 59.4 feet and was dropping back into the banks at the rate of about an inch an hour.

The bright, crisp weather of yesterday, and the knowledge of the fact that the mighty waters of the Ohio had become stationary and soon would retrograde, caused a smile to appear on the average face and gave fresh courage and hope to many who were, for the time being, in the grasp and at the mercy of the flood.

Though distressing as it is, the conditions might have been worse, and that they were not let us be thankful, and with stout hearts and willing hands set to work to repair damages and assist in alleviating the distressed. God reigns, and the brightness of Heaven will smile again, notwithstanding the depression so many have undergone the past few days.

With the exception of the L. and N., Maysville has had a taste of what it is to be shut off from the outside world. There have been no trains over the C. and O. for the past three days, the packets have been tied to the bank for the same length of time, and for two days we have even had no communication with Aberdeen by way of the ferry-boat Laurance, all of which tended to the discomfort of the many in receiving and shipping merchandise and the great denial of reading your favorite Cincinnati daily paper.

Once started fairly back it will not be many days until it will again be the Belle Riviere instead of a raging monster of water.

The Laurance resumed business this morning and the C. and O. people have set to work repairing damages. An engine and crew were working on the roadbed East of Limestone creek this morning.

The Mayor of Aberdeen has received an appropriation of \$500 from Governor Harris for the benefit of flood sufferers.

LACE CURTAINS REDUCED

The realization they are unwelcome guests here and must hurry elsewhere is forced upon numerous kinds of Curtains this morning. They are good Curtains, desirable for any home, else they wouldn't have been here at all. But they've stayed quite as long as we expected and we know there's a welcome awaiting them elsewhere. Besides their room is needed for spring lines that will soon arrive. The prices have been changed thus:

OLD Commodore VANDERBILT was the author of the quotation: "The public be damned; while JAY GOULD said, "I can always hire one-half the people to shoot the other half."

THE saloon keepers of Maysville have combined to enforce Sunday closing. Don't let such bad news as that go out of Kentucky, says the Wait-a-Minute Man of The Louisville Herald.

IT is expected that the first shipment from Kentucky in connection with the state's representation at the Jamestown Exposition will be sent forward about February 1st. Colonel M. H. CRUMP of Bowling Green, director of exhibits of forestry for the Kentucky Jamestown Exposition Commission, hopes to ship most of the exhibits for that division on that date. Are Maysville and Mason county going to be in it? The time is short and the movement should be inaugurated at once.

AT the Conference of the Foreign Mission Boards at Philadelphia, this unexpected suggestion was made by one of the professors present, who said: "If President ROOSEVELT at the expiration of his term, could be induced to make a tour of the far East he would be worth a whole army of missionaries. The effect of such a trip in opening the way for teaching the Gospel would be tremendous, and the act would be a crowning glory of even such a life and Administration as our President's." The matter will be duly laid before the President.

THE figures show that there are 5,310 insane persons in Indiana. Of this number 4,359 are enrolled as patients in the four State Hospitals for the Insane, 176 are in their own homes or with friends and relatives awaiting transfer to the hospitals, 550 are in the County Infirmary and 45 are confined in the County Jails.

A CLOSE friend of ANDREW CARNEGIE claims to have seen the last will and testament of the great ironmaster and that he will bequeath the bulk of his vast fortune, estimated at \$250,000,000 to educational and other similar institutions. Mr. CARNEGIE has already given \$20,000,000 to Pittsburgh and will give that city many millions more. There will be some great bequests in the will.

WHAT the South can in one short year do is well illustrated by these figures says The Louisville Herald. Of railway miles built, 3,055; farm production, \$2,000,000,000; of coal produced in 1906 the South shows \$4,000,000 tons; of lumber cut she shows 13,000,000,000

feet. The South in the same short term contributed \$700,000,000 in merchandise to America's export trade. She manufactured besides \$2,000,000,000 worth of goods in iron and steel, in wood, leather, cotton and woolen materials. She added, in addition, \$2,650,000,000 to the value of its real wealth. For all this and more—for instance, its free self-government and equal representation in Congress—the South is indebted to wise Republican rule and constructive Republican policy.

Love is mostly romance, but marriage is all matter of fact.

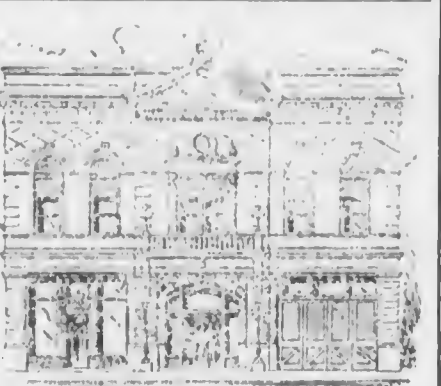

The Owingsville correspondent of the press claims there was a "quake" in his burgh Thursday. It is astonishing how many things an enterprising newspaper man "sees" and "hears" in these wonderful days.

Beware of Ointments For Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. THANKFUL

To my many friends and the public generally who have in the past extended to me such a liberal share of their patronage, which has helped so materially in making my business career in Maysville such a success: I want to assure all that I fully appreciate what they have done for me, and promise that I shall, by renewed efforts, endeavor to retain the confidence of the public by pursuing the same course of fair dealing and polite attention in the future as in the past and selling the very best goods at the most reasonable prices.

My stock is now the largest and most varied it has ever been my pleasure to offer to the public, consisting of every article in the Staple and Fancy Grocery line. These goods are fresh and new and of the very best quality. My last shipment of New Open Kettle Molasses is now in and they are strictly fancy, and in spite of the fact that prices on these goods have materially advanced I am still selling them at the very low price of 50¢ per gallon. My stock of CANNED GOODS is unusually large and the quality of the very best.

The demand for PERFECTED FLOUR is rapidly growing because it is beyond a doubt the very best flour sold in Maysville or that can be made. It has no superior anywhere. The run on my fine Blended Coffee has been enormous and is constantly increasing. I am still selling these fine goods at 18c, 20c and 25c per pound, and if you want a strictly fancy high grade Mocha and Java, the finest that can be produced, don't fail to call for the famous "Harrington Hall" steel cut, sold only in one-pound airtight tins at 35¢ per pound. A fresh supply of fall catch Aleck-creel just in. If you want something extra try one of my fancy Blotter Mops, heads and tails off.

A big invoice of very fine Premium China-ware just in, a sample of which may be seen in my warehouse window. These goods I give to my CASH customers in redeeming tickets given out with their cash purchases. Until further notice DOUBLE TICKETS will be given with each cash purchase on SATURDAYS. By taking advantage of this proposition the purchaser will very soon accumulate enough tickets to secure a fine set of China FREE OF COST.

I buy strictly fancy Table Butter, Fresh Eggs and Country Produce generally, for which I pay cash or trade at lowest cash prices. I want everyone to come and see me; always welcome. If you don't want to buy it will be a pleasure for me to show you the nicest, the cleanest and the best kept store in Northeastern Kentucky. Thanking all again, I am most sincerely,

JUST THE TRUTH

Sallie Van Wick, Vice-President of the Anderson Driving Club, Atlanta, says:

"Knowing how prevalent hard colds are at this season of the year, I want to tell the people of Maysville my experience with Vinol, the best cod liver oil preparation in the world."

"I contracted a severe cold and cough, and tried different cod liver oil preparations and cough remedies; they only upset my stomach and gave no relief. I finally sent for my physician. He advised me to try Vinol. I found it was delicious to take, and did not upset my stomach, but it built up my general health, and made me feel stronger and better than I have for years."

"If Vinol does for Maysville people what it did for me it will be worth \$100 a bottle to them."

Our local druggist, J. C. Pecor, says: "The reason Vinol is so efficacious is because all the useless oil has been eliminated from the medicinal elements of cods' livers and tonic iron added, and we have never sold a remedy equal to Vinol for chronic coughs, colds and bronchial troubles or to build up a weak, run-down system, and we will return the money in every case where it fails to benefit."

JOHN C. PECOR, Druggist.

NOTE—While we are sole agents for Vinol in Maysville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

THREATS TO BURN

Warning Notices Made Against Tobacco Growers in Ohio

A special from Ripley says considerable alarm is felt among farmers in that section on account of the following notice, copies of which have been posted on bridges and left in the mail boxes of the rural delivery:

"Do not sell your tobacco for less than fourteen cents or we will burn you out. Take warning and tell your neighbors."

"KENTUCKY NIGHT RIDERS."

The notices are written on tablet paper, with a lead pencil, in a good, round hand, and are believed to be the work of the men who have destroyed tobacco barns and warehouses in Kentucky.

The farmers are organizing for self-protection.

COURT'S OPINION

Decision Handed Down in Case Appealed From This County

In reversing the suit of Sprout, Waldron & Co. v. Hunter, taken up from the Mason Circuit Court, the following opinion was rendered by Chief Justice O'Rear.

First—Contracts—Warranty—Pleading.—Appellant sued appellee upon a contract under which it installed machinery in her flour mill. She pleaded that the mill would not give the results as represented and pleaded a warranty, and a breach of warranty. There was no evidence sustaining appellee's contention as to the quantity of wheat to make a given amount of flour, but it tended to show that the machinery enabled the mill to produce the amount indicated in the contract. The Court peremptorily directed a verdict for appellee.

Second—Estoppel.—Good faith required appellee to accept or reject the work after the machinery was installed in the mill. And accepting it even impliedly after a fair trial appellant was entitled to the purchase price remaining due.

Messrs. A. B. & A. D. Cole were the attorneys for appellant.

BADLY AFFLICTED WITH ECZEMA

For More Than Two Years—Tries Physicians, Patent Remedies, Old Women and Quack Cures and Found No Relief.

USES CUTICURA AND IS SOON SOUND AND WELL

"I was very badly afflicted with eczema for more than two years. The parts affected were my limbs below the knees. I tried all the physicians in the town and some in the surrounding towns, and I also tried all the patent remedies that I heard of, besides all the cures advised by old women and quacks, and found no relief whatever until I commenced using the Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent. In the Cuticura Remedies I found immediate relief, and was soon sound and well. C. V. Beltz, Tippecanoe, Ind., Nov. 15, '05."

DANDRUFF KILLS HAIR

Cuticura Soap Kills Dandruff

"I was troubled with dandruff on my head ever since I was twelve years old. I had beautiful hair up to that time. The dandruff destroyed my hair. I tried everything I could hear of. I had no doctor, but I went into a drug store where I was well acquainted and asked the druggist if he knew of anything that would be good for me. He said: 'Of course I do. Just get a cake of Cuticura Soap.' I got it, and it did my hair good the first time I used it. My sister-in-law couldn't keep the dandruff off the top of her baby's head, and the hair wouldn't grow. I was there, had a cake of Cuticura Soap with me. I told her about it, and gave her the Cuticura Soap, and in about three months I went there again, the child's head was covered with hair and not a sign of dandruff. My sister said it was the Cuticura Soap. The child is not past three years old and has a lovely head of hair. Mrs. E. W. Shigley, Columbus, Kan., Oct. 25, 1905."

Complete External and Internal Treatment for Every Humour of Infants, Children, and Adults consists of Cuticura Soap (25c) to cleanse the skin, Cuticura Ointment (25c) to heal the skin, and Cuticura Resolvent (25c) to purify the blood. Sold throughout the world. Foster Drug & Chem. Corp., Sole Props., Boston, Mass. 65c Mailed Free, "Now 45 page Skin Book."

The Buying Season is Almost Here

and the buying public is most cordially invited to call and inspect our line of harness. Our motto is "Make 'em Better." We have had our cutter go direct to the tannery, and, with our Mr. Brown, there inspect and buy just such leather as he thought the best. Again, when cutting the sides here in the work shop, he rejects all imperfect stock, putting in the harness the very best of leather only. You are the ones to profit by this care. It is in order to make you the most satisfied class of customers in the United States that we take such precaution. Do you mean to profit by it? If you do, come in and let us show you our line and let us figure with you, Do It Now. Yours for a Prosperous 1907.

Leslie Leigh, whose song, "Rocky Brady," in the "Isle of Spice," which has become one of the most popular Irish songs of this season, has almost completed a new comic opera, the story of which is based on some of the more strenuous incidents of President Roosevelt's cowboy life in the West. Miss Leigh has written both the music and the book, and B. C. Whitney has agreed to produce it during the Spring.

THE INSTINCT OF DEATH.

Much Proof That This Sense Has Been Planted in Man.

The most convincing fact in proof of the existence in man of an instinct of natural death seems to me that reported by Toxarsky in relation to an old woman. In the lifetime of Toxarsky, I begged an acquaintance of his to obtain for me the details of this most interesting case, of which I had found but an incomplete statement. Toxarsky unfortunately could add nothing to what he had published in his article. I believe, however, that I have found the source from which his instance had been taken. In his book upon the physiology of taste, which had its day of celebrity, Brillat-Savarin relates the following: "I had a great aunt, 93 years old, who was dying. Although for some time confined to her bed, she had retained all her faculties, and her condition was only betrayed by her loss of appetite and the weakening of her voice. She had always shown a fondness for me, and I was near her bed, affectionately ready to wait on her, which did not prevent my watching her with the philosophical eye I have ever had for the things and events surrounding me. 'Are you there, nephew?' she asked, in a scarcely audible voice. 'Yes, aunt; I am here at your service,

and I think you would do well to take a little good old wine.' 'Give, mon ami; one can always swallow liquid.' I hastened; raising her gently, I made her take half a glass of my best wine. She brightened for a moment, and looking at me with eyes which had once been very fine, 'Thank you,' she said, 'for this last favor; if ever you reach my age, you will find that death becomes a need, just like sleep.' These were her last words; half an hour later she had fallen asleep forever. We unmistakably have here an instance of the instinct of natural death. The instinct was shown at a relatively early age, in a person who had retained all her intellectual faculties."—Elie Metchnikoff in Harper's.

Real Lover of Old Port.
To a famous English diner, who passed away not long ago, the drinking of old port was something of a sacrament. When he intended to give himself that pleasure he prepared for it during the whole of a day, nursing his palate and keeping it "pure and clean." His breakfast consisted of a little porridge and milk, his lunch of a very lean and tender chop, eaten with brown bread. He drank a single cup of tea in the afternoon. All this and a rigorous abstention from the use of tobacco during the whole of the day prepared him for the full enjoyment of his port.

Correspondence
SPRINGDALE.

Mr. John Fears of Lewis county was here Monday.

Our residents on the low lands are making arrangements to move, as all indications point to big river.

Our pikes are so heavy with mud that Mr. Goodwin, our Rural Route Mail Carrier, has to drive two horses to his delivery wagon.

Mr. Robert Gibson returned to his home in Cincinnati Monday, after a few days visit with Mr. and Mrs. G. W. Hook at Brookside.

Master Bruce Thompson, an orphan, who has been spending the winter here with his brother and attending school took French leave some days ago and is now with his older brother, G. M. Thompson, who has a position with the C. and O. at Covington.

Mrs. T. N. Hendrickson of Sand Hill, Lewis county, chaperoned a gay crowd of more than a dozen handsome young matrons and pretty girls, who came down on the early train Saturday to pay a farewell visit to their old schoolmates and friends, Mr. and Mrs. Ross Thompson.

Mrs. Julius Degman is a very busy house-keeper, also an efficient book-keeper. Her poultry account is quite interesting. During the year 1906, she sold from a flock of about 70 mongrel chickens, after supplying her own table bountifully, \$99.92 worth of eggs and

chickens. The chickens sold were old hens and spring roosters, all sold in the early fall. Mrs. Degman thinks the unusually large yield of eggs nearly 700 dozen, was due to the fine alfalfa meadow to which her chickens had full access.

Mr. J. D. Walsh was here Monday en route to his home in Maysville, after his regular visit to Trinity and Wesley Chapel, of which Churches he is now regular Pastor.

Mr. P. P. Tully was a guest of relatives here Saturday and nearly two years ago Mr. Tully gave up a good business in Manchester, O., and came to the country because of the failing health of his wife. The benefit of the change was only temporary and she passed away early last spring. He placed his two bright young children in school at Maysville, where they still remain; while he has put in the time traveling over a number of states. He now proposes to resume his place among the business men of thriving and prosperous Manchester.

Mr. Charles D. Tully of Kansas City, Kansas, now visiting his old home in Lewis county, was the guest of relatives here recently. Mr. Tully followed "the course of empire" nearly a quarter of a century ago. His work as traveling salesman has sent him into nearly all of the Western and Northwestern states, yet for quiet comfort he says "Kentucky beats them all." Many and great changes have taken place since he left his native state. Many of the people he knew have either passed to the beyond or moved away. "Yet, says he, 'the sight of the old familiar hills, the beautiful banks of Cabin Creek where I spent many an hour fishing, the very air of my old Kentucky home produces a serene restfulness which, compared to the rush and hurry of the West, is beyond my power to express.' Mr. Tully is accompanied by his wife, who, being a Western woman, is not so well pleased with our land that she says "seems to stand on edge and looks like it might fall at any time."

FOXPORT.

Harry Markwell visited friends at Tilton recently.

John Brown and Carl Doyle continue on the sick list.

Mrs. Will Moore visited her sister at Nemo last week.

Mrs. Vionie Carpenter and little daughter, Mildred, of Trinity, are visiting John Carpenter here.

S. R. Million made a business trip to Flemingsburg Friday.

"Doc" Whitman had the misfortune to get his hand cut quite badly recently.

Clarence Carpenter has just returned from a two weeks sojourn at Manchester, O.

Elliott Miner and Ed Fearin are each entertaining company v. z., new babies.

Several of the people South of town are real swell for once. They have the mumps.

Ben Walton of Sutton was here this week trying to swap horses with some of our horse traders.

Dr. Walter W. Fugate and wife left Thursday for Florida, where they go for the remainder of the winter.

William Stagg, of Wallingford has been appointed Rural Carrier from that place, with Clifford Luman as sub-station, in the place of Erasmus Gardner, who resigned January 1st.

Mrs. Catherine Deal of Greenup County has been placed in the Eastern Kentucky Lunatic Asylum at Lexington, in a hopelessly insane condition. Mrs. Deal is 60 years old, and lost her mind from worrying over the criminal tendencies of her immediate family, which led Samuel Deal, her husband, Charles, William, John and Jerry Deal, her sons, to commit crimes which have landed them in Penitentiaries in three states, Ohio, West Virginia and Indiana. All are now in prisons serving sentences of from one to 20 years. Mrs. Deal herself has been in prison charged with stealing, but was released some time ago. The Deals are well known in this section, where they operated for a while.

A FATAL MISTAKE.

Is Often Made by the Wisest of Maysville People.

It's a fatal mistake to neglect backache. Backache is the first symptom of kidney trouble. Serious complications follow. Doan's Kidney Pills cure them promptly. Don't delay until too late. Until it becomes diabetes—Bright's disease. Read what a Maysville citizen says: James D. Tolle, clerk at Wood Bros., meat market, and living at 117 Short street, Maysville, Ky., says: "I was troubled a great deal for some time with constant heavy pain in the small of my back and over the kidneys. At times it was so bad that I could not stoop to sit down or get up without much difficulty. The action of the kidneys was noticeably weakened and passages of the secretions were too frequent. There was also a burning sensation at times. Hearing of Doan's Kidney Pills I began using them and finding great benefit continued their use until I had taken one or two boxes more and was thoroughly cured of all my troubles. I have never had the least bit of suffering from my back or kidneys since. I give all the credit to Doan's Kidney Pills and feel justified in strongly recommending them to others."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.
